WEATHER PROBABILITIES.—For this section, fair and light from tonight. Friday fair and not so cold; light to fresh northwest winds.

ADVERSE TO THE CORRE HEIRS.—Judge Henderson, of R. C. v. l., has handed down a decision in the case of Julia M. Corse, et al., of Takoma Park, vs. George H. Smith, et al., of this city. The case involved the title of six lots at Takoma Park, owned by Isaac W. Smith, of Portland, Ore., who died intestate in that city, June 1, 1897. Smith's sister, Lucy E. Corse, one of the heirs-at-law, died April 9, 1897, and the plaintiffs in the case were her surviving husband, her children, and devisees, who asked for a partition sale of the estate, except two of the lots, which they sought to have conveyed to the devisees of the said Lucy E. Corse, alleging that the legal title was held by Smith in trust for sole use and benefit of the said Lucy E. Corse, free from control of her husband. The defendants denied the existence of any such trust, and asked for a sale of all the property. The court held that the testimony failed to show that any trust was intended by Isaac W. Smith, and decreed that the property be sold and the proceeds distributed among the heirs-at-law.

Mrs. Mackey's SANITY.—A. Loft with Sinclair, Assistant Attorney for the District of Columbia, stated yesterday that the case of Mrs. Katherine S. Mackey, who, it is alleged, is of unsound mind, will come up before Justice Cole in Washington for investigation tomorrow. Last week, when the matter was expected to come up, Mrs. Mackey was not in court, and no information regarding her whereabouts could be gained. The condition of her mind will be inquired into tomorrow, whether Mrs. Mackey be present or not. Dr. Vile and Nevitt examined the young woman several days ago, and are of the opinion that the condition of her mind is such that she needs medical treatment. The proceedings against Mrs. Mackey were instituted by her father, George A. Porterfield, of Charlottesville, W. Va., who is anxious to have his daughter cared for in a proper manner.

As heretofore stated Judge and Mrs. Mackey are now residing in this city.

RIVER NOTES.—The steamer Arrow-smith, which went to Baltimore a few days ago for repairs, returned this morning and will, in a few days, take the place of the Wakefield on the lower river route while the latter steamer undergoes repairs.

The light house steamer Maple is engaged in replacing the buoys in the river which were damaged by the ice of last winter.

The steamer Harry Randall resumed her trips on the lower river route this morning, relieving the Kent, which will make Sunday trips to Clifton Beach.

BODY INTERRED.—The remains of the late Frank Enis reached this city yesterday evening and were interred this morning, the body (supposed to be that of young Enis) which had previously been buried having been disinterred and placed in an adjoining lot, and not in Penny Hill, as had been reported. Officer Betts and others went down the river yesterday morning in the steam launch Allie Moore, and having procured the remains placed them in a barge which was towed to this city.

CASE POSTPONED.—The mandamus proceedings of F. C. Spinks, Jr., against the Board of Police Commissioners, in which the complainant seeks to compel the commissioners to relate to him as a member of the police force, came up before Judge Norton this morning, but with the consent of all concerned the matter was postponed till Monday next when a preliminary hearing will be held. Mr. Charles Bendheim represented Mr. Spinks and Corporation Attorney Booth the commissioners.

CONFEDERATE SEPULTURE AT ARLINGTON.—An amendment to the sundry civil bill was introduced by Senator Hawley yesterday to enable the Secretary of War to have the bodies of 264 Confederate soldiers buried in the Arlington National Cemetery. A number of these bodies are now buried in Arlington, and others at the Soldiers' Home. The amendment seeks to bury them in one spot, and to properly mark the graves.

PERSONAL.—Mr. F. T. Healey continues extremely ill at his home on Queen street.

Mr. and Mrs. Barbour and their cousin Miss Davis, of Northumberland, are visiting Mrs. Fultz, on South Lee street.

Mrs. John S. Greene is very ill at her home on upper Prince street.

CHARTER.—Judge Norton today granted a charter to the Columbia Pulverizing Company, the object of which is to make and sell stone crushers, &c. The capital stock is to be \$250,000, and Dr. B. B. Donaldson, of Washington (formerly of Front Royal), is president and Col. E. L. Smith is named as agent in this city.

Mrs. Lovelace, an aged and well-known resident of this city, died at the infirmary this morning. Her funeral will take place from that institution tomorrow afternoon. The deceased had been an inmate of the infirmary for a number of years.

U. D. C.—The Seventeenth Virginia Regiment Chapter, U. D. C., met in the Camp Hall yesterday afternoon.

Invitations were received from R. E. Lee Camp and the Woman's Auxiliary to R. E. Lee Camp to assist in the work on the 24th of May, and Miss May Green, Louis Scott and Bonnie Watkins were appointed as a committee to see to it that day.

An appeal was received from the Okolona Chapter, Okolona, Miss., for assistance in making the graves of the one thousand Confederate dead there and responded to.

Much other business was transacted and the manner of celebrating President Davis's birthday on June 3 was left by street of business to a call meeting next week, at which the whole strength of the chapter will be brought out, it is hoped.

ALL TO PAY TAXES.—For the past fifteen or twenty years Lynchburg has been exempting new enterprises from municipal taxation, until there are now a large number of wealthy corporations, including several that are by no means new enterprises, which are tax free. Mr. A. F. Thomas, a well-known dealer in leaf tobacco, yesterday sent a petition to Judge Whittle, of the Circuit Court, asking him to grant a mandamus to compel the commissioner of revenue to assess all property alike. It is estimated that nearly one million dollars invested in business enterprises in Lynchburg escape all share of the general burden.

BASEBALL LEAGUE.—A district minor baseball league was organized in Washington yesterday with the following clubs: Rockville, Alexandria, Eastern Athletics, Corcoran Cadets, Government Printing Office and Y. M. C. A. The series will be opened on the 30th instant with two games at Rockville and two in this city. President Johnson has secured the National Park grounds for games in Washington and the Alexandria club has secured the old fair grounds, which they propose to enclose.

FISH.—Since yesterday 75,000 herring and 125 shad have arrived at Fichtow. Herring sold at \$2.50 per thousand and shad at \$1.25 per hundred.

LOCAL BREVITIES.

Two lodges were at the station house last night.

A communication received at this office today would have been published had the name of the author accompanied it.

The overhauling of the light house at Jones's point, which has been in progress for several weeks, has been completed. The building is now in thorough order.

A hot fire was discovered in the alley on Patrick street, between King and Cameron, this morning about 11:45 o'clock. Engineer Bonar, of the H. 45 draught company, quickly subdued the flames without calling out the fire department.

Messrs. Henry B. F. Macfarland and John W. Ross yesterday assumed the duties as District of Columbia commissioners, the former succeeding Mr. John B. Wight and the latter being his own successor. In the organization of the new board Mr. Macfarland was chosen president.

F. B. Siddons et al. have sold to Edward Hughes a house and lot on the south side of King street, between Patrick and Henry for \$1,000.

TRIAL POSTPONED.—At Isle of Wight Court House yesterday the trial of A. C. Gilligan for the murder of Beverly Turner was continued to June 6. After a strong contest on both sides Judge Atkinson made this order. The cause for this continuance is the attendance of W. H. Weed, who, the defense claim, is a highly important witness for them. This gentleman is in Europe, and his absence promises to be protracted. The most significant thing possibly connected with the letters in this case is the statement of Judge Hinton, of counsel for the defense.

Justice Hinton told the court that the letters received by Gilligan from Miss Turner should be put in evidence. "If they are not brought out here they will be in the Supreme Court," he added, "and when they are there will be no doubt of the acquittal of my client." Gilligan was taken back to Petersburg last night and placed in jail.

Tomorrow, Friday, Is Remnant Day.

Remnants—odds and ends, short lengths, broken assortments, and the like accumulate and are undesirable as they detract from the freshness and effectiveness of the stocks. It's good storekeeping for us to get rid of them. Quickest and only way to get rid of them is to put such prices on them as will make it certain that they'll sell in short order. Remnants have gathered thickly this week, hence we have made the prices lower even than usual—some are a half off, some more, a few not so much. Dress Goods offer unusual attractions, both in wool and cotton fabrics. Many suitable lengths for a traveling dress, a house dress, a separate skirt, a shirt waist, a child's frock. Everything is marked to sell quickly. Attention is called to several larger lots of goods, which are more than usually interesting from a price standpoint.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst kind of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife had been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to sickly, run-down people. Every bottle guaranteed. Only 50c. Sold by E. S. Leadbeater & Sons' Druggists.

An Epidemic of Whooping Cough.
